The Right of the People to Keep and Bear Arms Shall Not Be Infringed

ON THE FIRING LINE

• IMPORTANT NOTICE

The time of the monthly general membership meeting has changed from 7:30pm to 7:00pm. The meetings are still the second Monday of the month. The next meeting is Monday, April 9th, 2018

• MRC E-BOARD Members

Every year the club elects new members to sit on the E-Board. This year all of the new E-Board members ran unopposed. A White Ballot was scheduled for the March General Membership meeting, but unfortunately a quorum of sitting E-Board members was unavailable. The White Ballot was rescheduled for the April 9th General Membership Meeting. The incoming slate of the E-Board will be:

- President Don Jones
- Vice President Dave Eason
- Secretary Richard Vale
- Treasurer Bob Wydro
- 1 yr Trustee Rod Moore
- 2 yr Trustee Ed Carter
- 3 yr Trustee Curt Bry
- Past President Joe Ridenhour

• NEIGHBORS AND NOISE

Last November, we received a letter from a "neighbor" complaining about noise. As stated in his letter and verified by Mike Haakensen, this "neighbor" lives over 1.25 miles away. Mike visited him, at his house, during a period of Recreational Shooting, and could not hear anything. We asked the "neighbor" to attend the February E-Board

meeting which he did. We were unable to come up with a mutually agreeable solution at that time. The letter is posted in the member area of the MRC website, should anyone wish to read it.

• CLEAN UP YOUR BRASS!

It has been noted that ranges throughout the club periodically suffer from loose expended brass underfoot. If you shoot, please police your brass. Leave the range in better condition than you found it.

• Notes from the Editor

The Shotwad is distributed to the membership via a email address list and to a limited number of members without email access via USPS 1st class mail. These lists are built each year from the membership renewal forms, which we all just completed. Please bear with us as we get the lists edited and updated. The current Shotwad is posted in the Clubhouse and on the Website, and the editor will provide a copy upon request.

The Shotwad was established to inform the "MRC members of the current Club activities, and the MRC Schedule of Events". In that spirit, any MRC Member may forward their submission, idea or topic, to the Editor. Send topics/submissions to the Editor at richardvale@wavecable.com.

HOT RANGE
...the Right of the People to
Keep and Bear Arms, shall
not be infringed.

- **As reported in the February & March Shotwad the Washington State Legislature has been busy with firearms related bills, here is update of bills that passed.**

Engrossed ESB 5992 Concerning Bump-Fire stocks / Senate Bill 5992, Concerning trigger modification devices. (REVISED FOR ENGROSSED: Concerning bump-fire stocks.).

Sponsored by Senator Kevin Van de Wege (D-24), SB 5992 was originally introduced as a trigger modification device ban with broad, overreaching language that would have criminalized modifications commonly made to firearms by law-abiding citizens. Instead, the legislation was amended on the floor night to narrow down the definition of the ban to apply only to bump-fire stock attachments. **As of March 6, this bill was signed by the Governor, with an effective date of June 7, 2018. The Bill Digest as enacted reads as follows:**

SB 5992.E - DIGEST

Prohibits a person from manufacturing, owning, buying, selling, loaning, furnishing, transporting, or having in possession or under control, a bump-fire stock.

Provides the following definition for bump-fire stock: A butt stock designed to be attached to a semiautomatic firearm with the effect of increasing the rate of fire achievable with the semiautomatic firearm to that of a fully automatic firearm by using the energy from the recoil of the firearm to generate reciprocating action that facilitates repeated activation of the trigger.

Requires the Washington state patrol to establish and administer a bump-fire stock buy-back program which allows a person in possession of a bump-fire stock to relinquish it to the Washington state patrol or a participating local law enforcement agency in exchange for a monetary payment of one hundred fifty dollars.

Provides a January 1, 2020, expiration date for the buy-back program.

Senate Bill 6298, Adding domestic violence harassment to the list of offenses for which a person is prohibited from possessing a

firearm. Sponsored by Senator Manka Dhingra (D-45), would expand the list of domestic violence offenses that prohibit firearm possession to also include "Harrassment." Domestic violence is a serious issue and those convicted of violent offenses should be addressed accordingly.

However, the definition of harassment under Washington state law is so broadly defined that it includes 37 other crimes, many of which involve no form of actual contact or threat of harm to a person. Under this legislation, even the offenses of graffiti and trespass fall within this umbrella category that could result in a firearm prohibition. Imposing an automatic, blanket ban on constitutional rights for these wildly varying offenses is excessive and unwarranted. **As of March 22, this bill was signed by the Governor, with an effective date of June 7, 2018. The Bill Digest as enacted reads as follows:**

SB 6298 - DIGEST

Prohibits a person from owning a firearm if he or she has previously been convicted, or found not guilty by reason of insanity, of harassment when committed by one family or household member against another, committed on or after the effective date of this act.

Bills That Did Not Make it Through the Legislature

Substitute Senate Bill 5444, Concerning enhanced background checks and licensure for assault weapons and large capacity magazines. This bill sponsored by Senator David Frockt (D-46), is a stepping stone to a larger prohibition. As drafted, anyone under the age of 21 would be virtually unable to possess commonly owned semi-automatic rifles. As of February 2nd, bill referred to Senate Ways and Means Committee.

Substitute Senate Bill 5441, Concerning certain procedures upon initial detention under the involuntary treatment act. This bill sponsored by Senator Patty Kuderer (D-48), would impose a 6-month firearm prohibition for any person who has been released from a 72-hour mental health evaluation. As of February 22nd, the Senate Rules Committee place this bill in the "X" file. This generally removes the bill from further consideration in the biennium.

Senate Bill 6415, Requiring permission to bring a concealed firearm into another person's residence or dwelling. Sponsored by Senator Sam Hunt (D-22), would require individuals to ask for express consent to conceal

carry a firearm at the residence of another person. Failure to obtain permission prior to entering the property would result in a misdemeanor crime. As of Jan 30th, this bill is in the Senate Law & Justice Committee and appears stalled for this session.

Substitute Senate Bill 6620, Improving security in schools and the safety of students.

Sponsored by Senator David Frockt (D-46), would prohibit the purchase and transfer of all semi-automatic rifles to adults under the age of 21. Substitute SB 6620 would also establish what amounts to a 10-day waiting period for transfers of these firearms by requiring that they go through the state background check like handguns rather than the federal National Instant Criminal Background Check System (NICS) that is currently used for all long gun transactions.

While federal law allows for such transactions to be completed if three days have elapsed from the time of the "delayed" response, the state check requires a wait of ten days in such a scenario. As of March 8, this bill is in the Senate Rules Committee, and appears stalled.

As responsible firearms owners and enthusiasts, we should all contact our elected representative to respectfully express our thoughts on these Washington bills. Here is how:

U.S. Senator and Representative:

Senator Maria Cantwell
<http://www.cantwell.senate.gov/public/index.cfm/email-maria> and (202) 224-3441
Senator Patty Murray
<http://www.murray.senate.gov/public/index.cfm/contactme> and (202) 224-2621
US House of Representatives
<https://www.house.gov/representatives/find-your-representative> and (202) 224-3121

Washington State Senators / Representatives

READY ON THE LEFT

Nothing Lasts Forever...

Quoted From foxnews.com

Firearms manufacturer Remington Outdoor Company has filed for bankruptcy protection in the face of falling sales and lawsuits stemming from the 2012 Sandy Hook Elementary School shooting, the Wall Street Journal reported Sunday night.

According to the Journal, Remington announced that it would file for Chapter 11 last month but the actual filing was delayed after the Feb. 14 shooting at Marjory Stoneman Douglas High School in Parkland, Fla. that killed 17 people.

The paper reported that Remington officials plan to hand over the reins to its creditors in exchange for writing off most of the company's debt. Cerberus Capital Management LP bought Remington for \$118 million in 2007, assuming \$252 million in debt in the process.

Cerberus later formed a holding company called the Freedom Group Inc., consisting of Remington and other firearms manufacturers -- including Bushmaster, which Cerberus had purchased in 2006.

Founded in 1816, Remington is America's oldest gun maker.

Ed: It should be noted the Remington name and brand has changed numerous times throughout it's 200 year plus history. I think they will be back!

READY ON THE RIGHT

...except American Gun Makers

Quoted from henryusa.com

ABOUT HENRY

Henry Repeating Arms is the leading lever action manufacturer and one of the top-five long gun manufacturers in the USA. Henry's goal is to manufacture a line of classic, well-

crafted firearms that every enthusiast can afford. The passion, expertise, and dedication of its employees embody the company's motto, which is "Made in America Or Not Made At All". Rest assured, when you read the roll-mark on the barrel of a Henry it's going to say "Made in the USA."

Henry has over 450 employees located at both the company's headquarters in Bayonne, New Jersey, and a second manufacturing facility in Rice Lake, Wisconsin.

Henry is a family-owned business that stands behind every firearm that leaves its facilities. Besides their strong "Made in America" reputation, Henry is renowned for industry-leading and award-winning extraordinary customer service that extends to both consumers and a vast network of Henry dealers around the world. If any issue arises, Henry is quick to resolve it. All Henry customer service employees are empowered to do whatever it takes to make certain that the customer is happy. Henry offers a lifetime guarantee on its firearms.

Ed: I've always thought that this company was one of the great American Gun Manufacturing success stories.

READY ON THE FIRING LINE

www.marysvillerrifleclub.com

What? Wait, the club has a website!?

Yes it does!!!

The club website has both a General Open to the Public side and a Member Only side.

The open to the public content includes:

- Home Page that has our Mission Statement and some information on shooting event open to the public.
- Shooting Sports page that describes each of the Shooting Disciplines hosted at MRC.
- Education page that has information and contacts for the Hunter Education and NRA Courses offered at MRC.
- MRC Members Area (without login) contains the official application to become a MRC Member and a link for current members to request website access
- The official MRC Calendar.

- And a public Contact Page.

On Membership Side:

While the Member Only part of the website is available to all members, it is not automatically set up. Any member without website access should complete the online form contained in the link MRC Members Area / MRC Members Online Access Request. After verification a Member Logon is activated. Once Logged in The MRC Members area Contains:

- Important News
- Shotwad News (current edition)
- MRC Digital Bulletin Board: The place to share your thoughts and comments with other MRC Members.
- MRC Member Work Point: Current as of the end of 2017.
- MRC Bylaws
